GENERAL INFORMATION

The VA Administrator has emphasized the necessity to reduce the volume of telephone calls over the FTS (Federal Telecommunications System) Network. To accomplish this objective, all employees are instructed to:

a. Use FTS facilities for placing only official calls.

b. Plan FTS calls in advance to reduce the length and number of calls. Volunteer your telephone extension number and the best time for return calls.

c. Keep a desk listing of frequently called FTS numbers. Direct dial is the most efficient method of placing FTS calls.

d. Avoid placing FTS calls on "Hold" unless it is absolutely essential.

e. Report all FTS trouble to V.A. operators immediately by dialing "110". Give room, telephone number and building address.

f. Upon approval of your service director, long distance calls which cannot be placed over the FTS will be placed through the operator by dialing "110."
